

Landscape Blocks

- Half the size of the standard blocks in each dimension, making them 1/8th in volume and weight.
- Lifting Hook in all blocks
- Can be placed with a skid steer or mini excavator, saving time and hard labour costs.
- All Landscape Blocks are made with 20MPA concrete
- Colour options available to order
- All Landscaping Blocks come with Texturlock™ facing.

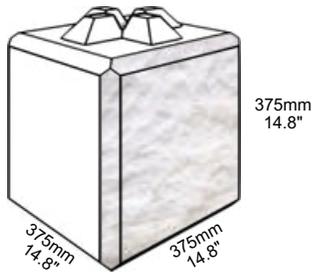

Design manual available for professional engineers free of charge. E-mail for info.

Blocks are normally available for immediate delivery, however, some configurations may not be in stock, and will require advance notice. Textured facing can be added to most blocks upon request.
